Subject: Revamped Appendix-E functionality-reg

Madam/Sir,

It has come to notice that in a few cases related to surrender/cancellation of Exemption, the TDS on the Annual interest was incorrectly deducted on the total Past Accumulations instead of the actual interest earned on the taxable portion of the Member contributions due to incorrect submission of data by such employers.

Accordingly, in order to facilitate the rectification of such errors through proper bifurcation of taxable and non-taxable Member Balances, a revamped Appendix-E functionality has been developed and would be deployed on **01/05/2025**.

In addition to all the tasks that can be performed through the existing Appendix-E functionality, the revamped Appendix-E functionality would also facilitate the adjusting of the Taxable Opening Balance, Non-Taxable Opening Balance and the Total Opening Balance as well.

All the tasks pending or under progress in the existing Appendix-E functionality would get rejected on deployment of the revamped Appendix-E and accordingly, the Field Offices are hereby advised to ensure that all the pending tasks in the existing Appendix-E functionality gets completed by **30/04/2025**.

(This issues with the approval of CPFC)

Yours' sincerely
